INTRODUCTION

OUR IDEAS FOR CREATING CLOCK IN

THE GAME THEMES

GOALS

- **MULTIPLAYER**
- **VISUALIZE WHAT CAREERS LOOK LIKE**
- **CREATE A FUN INTERACTIVE EXPERIENCE**

KEY CONCEPTS

- **SHORT TASKS TO COMPELETE**
- **CAREER QUEST**

JOBS THAT WE CHOSE

NETWORKING

- **SHOWCASES THE IDEAS OF NETWORKING.**
- **3D EXAMPLES OF TOPOLOGY**
- **3D MODELS OF NETWORK COMPONENTS**
- **MULTIPLAYER**

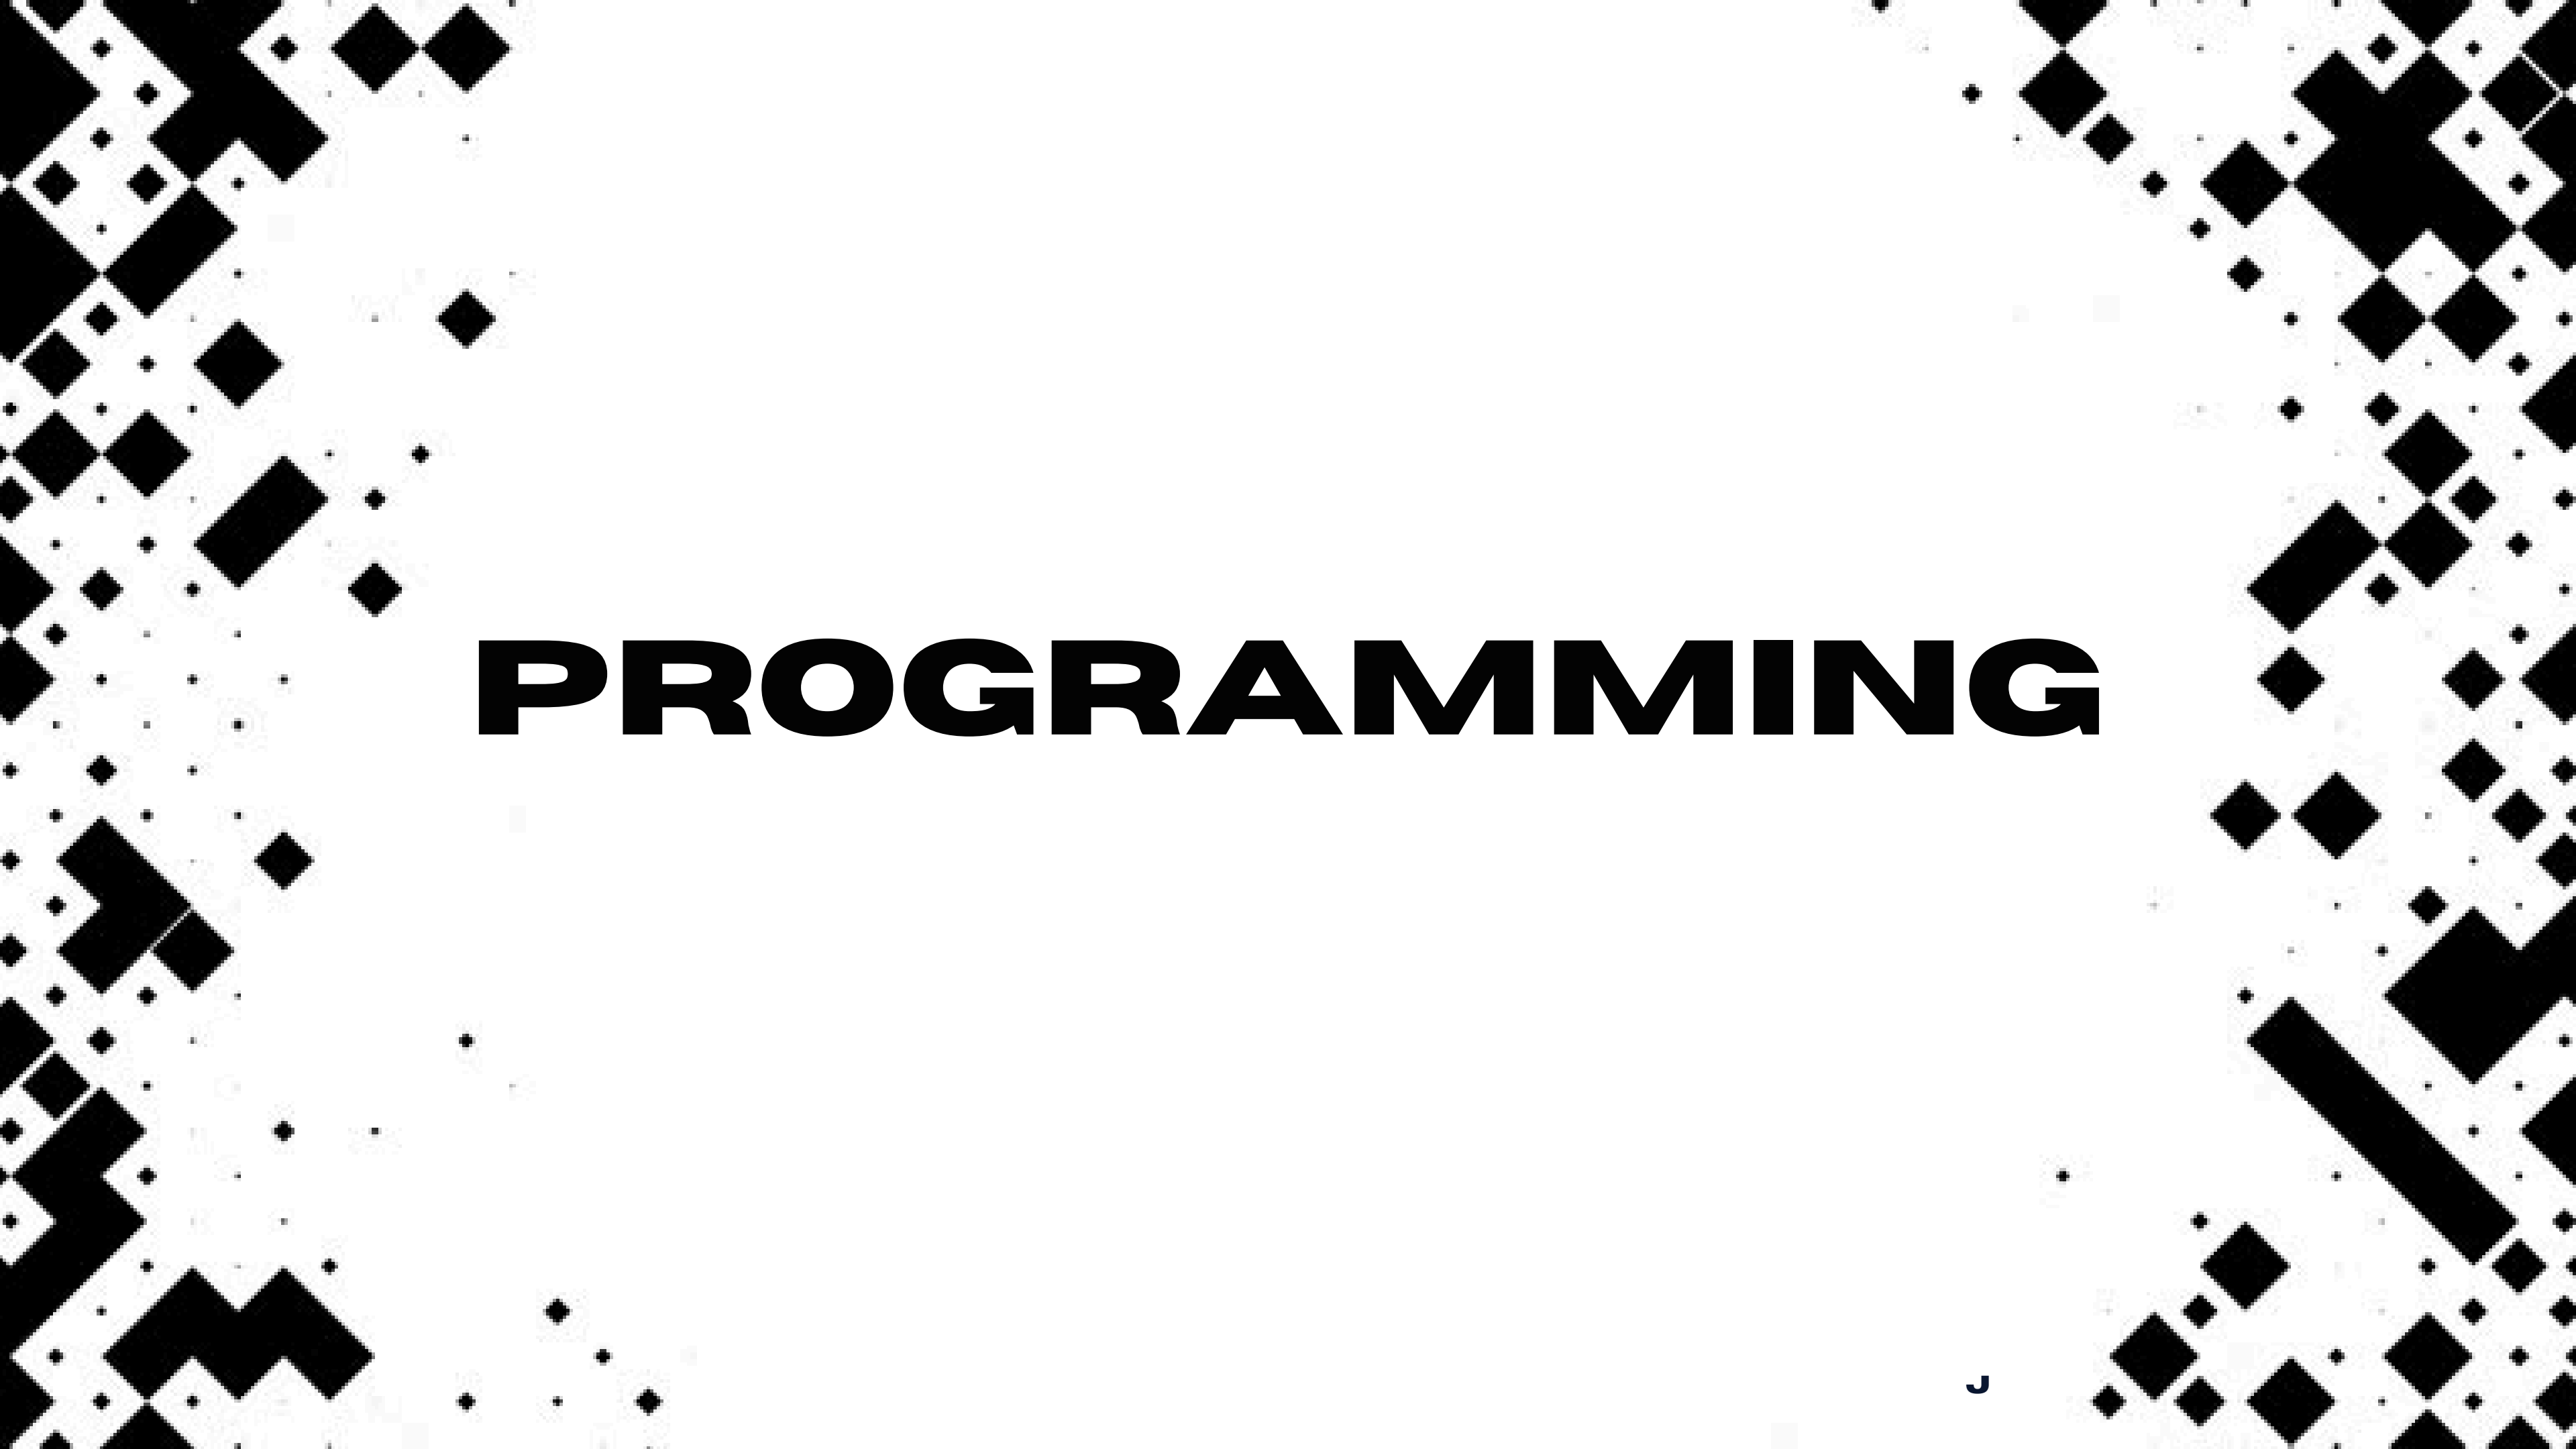

AUTO MECHANIC

- **SHOWS HOW AUTO MECHANIC FIX CARS**
- **MULTIPLAYER**

FIREFIGHTER

- **SHOWS HOW FIREFIGHTS WORK AND SAVE LIVES**
- **HOW TO OPERATE GEAR**
- **MULTIPLAYER**

DOCUMENTATION

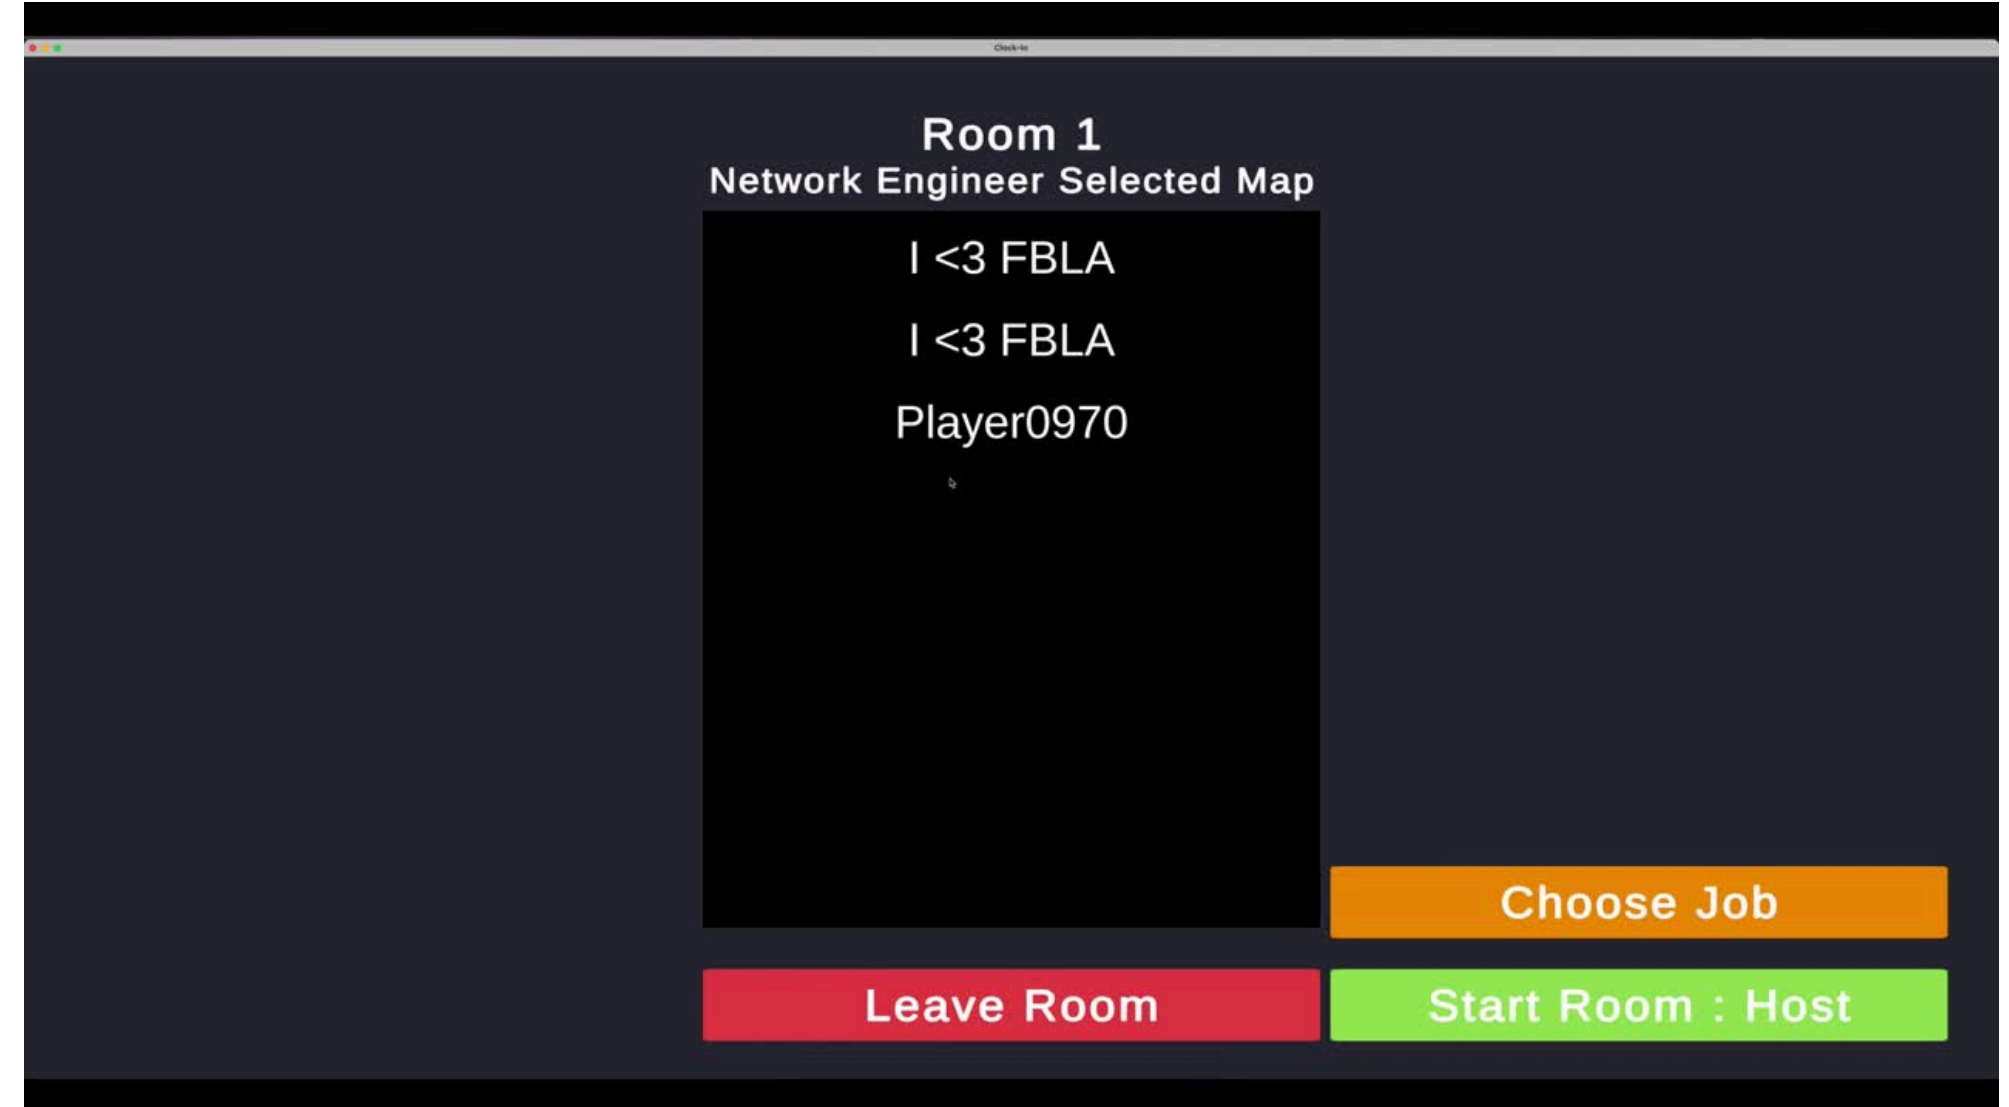

PROGRAMMING

```

PROGRAMMING LANGUAGE & PLAN OTHER

- **MULTIPLAYER**
- **VISUALIZE WHAT CAREERS LOOK LIKE**
- **CREATE A FUN INTERACTIVE
EXPERIENCE**
- **C#**
- **GITHUB**
- **UNITY V.2022.3.22**

USER INTERFACE

HOW TO PLAY

Movement

W – Move Forward

A – Move Left

S – Move Backward

D – Move Right

Space – Jump

Shift (Hold) – Sprint

Interaction

Left Click – Interact / Pick Up

X - Close Out

Game Actions

Esc – Pause Menu

And please have fun!!!
